TOM LAWSON IS ARRESTED; FAILS TO OBSERVE LAW

Massachusetts Attorney General Charges Violations on 4 Counts.

SILVER MINE STOCK TUMBLES AFTER LAWSON SURRENDERS

Small Investors Sacrifice Liberty Bonds Is Complaint Made in Boston.

Boston, March 25.—The crusade of Attorney General Allen against promoters and brokers who have been exploiting silver stocks led to the arrest of Thomas W. Lawson today. He surrendered himself at police headquarters to answer to a warrant charging him with violating on four counts a state law regarding the filing of information regarding stock issues.

Four other operators and brokers were arrested yesterday, including L. S. Vanriper of New York, former secretary to Lawson.

Lawson and Vanriper in recent months have been active in the promotion of silver stocks which in the Lawson advertising was featured as "silvers, the greatest gamble of the ages."

Each announced he was developing certain individual silver mine properties as units of general holding companies.

In the campaigns, the prices of individual stocks advanced from a few cents to \$8 or \$9, with subsequent reversals and fluctuations. After the arrests yesterday, the prices tumbled further. Nearly all the silver stocks which are named in the charges against Lawson, Van Ripper and the other men now are selling for so many cents a share. It was the fact that securities offered by the attorney general in a statement, that attracted to them a class of persons without investing finances, who sacrificed liberty bonds and savings accounts to obtain funds for stock purchases in hopes of early riches.

Complaints to the attorney general included several that large losses had been suffered by persons who, having bought stocks at high prices, were unable to sell them until they had reached low levels because certificates for their purchases had not been given them. A lawyer whose stock operations have attracted national attention in the last quarter century, called at police headquarters this morning to submit to arrest, gave his occupation as farmer and other, and was taken through a doorway to the court house where he was arraigned and held for a hearing on April 6. He furnished bonds of \$2,500.

GOVERNOR COX ENTERS CAMPAIGN

National Committeeman Moore of Youngstown Will Manage Race For Presidential Nomination.

Columbus, March 25.—Governor Jas. M. Cox's national campaign for the Democratic presidential nomination, was under way today. Following a two days' conference, late yesterday announced that National Committeeman Edmund H. Moore of Youngstown, had been chosen to manage the governor's campaign. Moore, a close personal friend of Governor Cox, is a Democrat of the nation, setting forth the governor's qualifications to lead the party during the coming campaign. A statement issued by the Democratic leaders asserted that "an active organization will proceed to properly present the Cox candidacy."

Whether there would be a campaign in other states for delegates pledged to Cox was not disclosed. The governor is assured the solid Ohio delegation of 48 votes at the San Francisco convention.

The letter addressed to Democrats of the nation emphasizes the argument that with Cox as the Democratic nominee, the electoral vote of Ohio is assured, based upon the fact that he has held the office of governor for three terms. The letter was signed by National Committeeman Moore and state central and executive committee chairman, S. M. Douglas and W. W. Durbin, respectively.

STUDENT "SOVIET" IS PROFESSOR'S DREAM

Hays, Kansas, March 25.—The student "Soviet" of the Fort Hays Normal school has ceased to exist. In fact it never did exist, according to the county prosecutor, except in the mind of one of the faculty members who was made a victim of youthful exuberance and who with two others, was ducked in a pond. This faculty member, Cashier Harvey, according to the prosecutor, resented an implication of coercion in an ultimatum delivered by the student body to the effect that everyone connected with the institution would have to help by the school running track yesterday or take a ducking.

Whereupon, the investigation disclosed, Professor Harvey and Professor James Stuart with a student named Lindquist, objected to the student interference with personal liberty and refused to take any part in the work. In consequence whereof, there were three splashes in the pond nearby and Professor Harvey upon merging from the water immediately hastened to the telegraph office and informed the state board of education that the students had seized control of the institution and that a virtual "Soviet" was in power.

COMMEMORATING 1871 IN BORDEAUX.

President Deschanel (left) and Leon Bourgeois at Bordeaux, and President Deschanel decorating a young girl whose father was killed in the war.

President Deschanel and other notables of the French republic, including Leon Bourgeois, president of the senate, took part recently in ceremonies at Bordeaux commemorative of the act of Alsatian deputies who in 1871 protested against German annexation at the famous Bordeaux meeting. One of the features of the celebration was the decoration of a young French girl whose father was killed in the war.

BLAMES DANIELS FOR SHORTAGE IN NAVY PERSONNEL

Former Bureau Chief Tells Committee of Secretary's Attitude.

CABINET OFFICIAL SAID NAVY HAD TOO MANY RESERVES

Declares Daniels Says He Does Not Remember Issuing Order.

Washington, March 25.—"Preconception on the part of Secretary Daniels," was responsible for a serious shortage of personnel which proved "the initial handicap of the navy in the war," Captain Leigh C. Palmer, war time chief of the bureau of navigation, testified today before the senate committee investigating the navy's conduct of the war.

The secretary, Captain Palmer declared, was unable to appreciate the necessity for obtaining and training men in advance of an actual declaration of war.

"Even after war was declared," the witness said, "he used to say 'we have too many reserves now.'"

Just before the United States joined the allies when the bureau of navigation was trying to recruit naval reserves, the witness continued, Secretary Daniels ordered enrollment in the reserve stopped.

"Did you stop?" asked Chairman Hale.

"No, we needed the men and went right ahead."

I talked to Mr. Daniels the other day and he doesn't remember anything about that," said the witness, "but he did order me to stop enrollment then and several other times."

PREPARE FOR WOMEN'S VOTES. Youngstown, March 25.—Election officials here today ordered 25 percent more ballots printed for the spring primary than were ordered for last fall's election, in preparation for a possible feminine vote this spring.

EXCHANGE CHANGES CLOCKS. Cleveland, March 25.—Clocks in the Cleveland Stock Exchange will be the only time pieces in Cleveland to move one hour ahead at 2 o'clock next Monday morning, when the daylight savings law goes into effect.

ROUND UP GANG OF FREIGHT CAR THIEVES

Cleveland, March 25.—Members of a gang of freight car thieves who in six months have obtained merchandise estimated value at \$500,000 from six railroads within the Cleveland district, were being rounded up today in various cities between Ashtabula, and Detroit, Mich., according to police. Three men are under arrest here and one man is being held in Detroit, police say.

A score of arrests, together with the recovery of \$100,000 in stolen merchandise located by city and railroad detectives is expected soon. Many of those sought, police say, are merchants who did most of their business on goods stolen from the railroads.

Merchandise valued at \$25,000 was recovered in two raids by police yesterday.

GEN. WOOD LEADS LOWDEN IN RACE

Remote Districts in South Dakota Still Unreported But Army Man Is Ahead 4300.

Sioux Falls, S. D., March 25.—Primary election returns from remote and isolated districts of South Dakota are expected to arrive by mail today and provide practically a complete state vote. Returns compiled late last night for Republican presidential endorsement from 1,185 of 1,740 state precincts included all but a dozen of the larger voting places in the state and gave Wood 27,666; Lowden, 23,385; Johnson, 21,735.

EX-SERVICE MEN CAN GET POLICE JOBS

There is a good opportunity for ex-service men to get on the Newark police force, as there are three vacancies, Police Chief Sheridan announced Thursday. The positions are open to any one who passes the civil service tests, and these positions would be particularly easy for an ex-serviced man to get, as they are exempted from the examinations.

PLUMBERS ASK \$12 DAY

Birmingham, Ala., March 25.—Journeymen plumbers of the Birmingham district have served notice that effective April 1, they will demand \$12 a day, with double pay for overtime, Sundays and holidays. The demand, master plumbers say, will be met and the additional cost passed along to the builder and homeowner.

CHILE HAS NEW CABINET

Santiago, Chile, March 24.—Announcement was made today that a new cabinet had been constituted by the president, the premier and minister of the interior being Pedro Nolasco Montenegro, former minister of war. Antonio Huneeus has been appointed minister of foreign affairs.

WETS GAIN AGAIN

Columbus, March 25.—The wet majority against the federal prohibition amendment stood at 242 at noon today. Five wet votes were gained by the recount in Lucas county precincts.

WANTS WILSON TO DECLARE HE WILL NOT BE CANDIDATE

Mississippi Democrat Is Cheered By House In Opposing Third Term.

SAYS PRESIDENT'S SILENCE HAS BEEN MISINTERPRETED

Supports Measure Limiting Presidential Eligibility to One Term.

Washington, March 25.—Both Democrats and Republicans cheered a statement in the house today by Representative Humphreys, Democrat, Mississippi, that President Wilson should make an immediate announcement that he was not a candidate for a third term.

"Under no circumstances should Mr. Wilson ask for reelection," Mr. Humphreys said, recommending passage of an amendment limiting presidential eligibility to one term. Public advocacy by the president's friends and members of his cabinet that he run a third time has allowed the country to believe that he will break an ancient precedent, the speaker declared.

"I regret, therefore, all the more that he has remained silent as to his intentions in the matter of a third term," he continued. "I believe the accomplishments of his administration under his leadership will secure for him a place high on the roll of our great presidents."

FED. COMPANY IS GIVEN CONTRACT FOR PAVING JOB

City Will Soon Begin Work On More Than \$120,000 Worth of Street Improvements.

Service Director Wilson received bids for the paving of Eastern and Western avenues yesterday afternoon. Two bids were received. The Federal Asphalt Paving company of Hamilton bid \$3.45 a square yard for asphaltic concrete and M. T. Keeley and Son of Newark bid \$4.55 on brick. The contract was awarded the Federal company by the board of control. Work will be started on the following streets in a few days. Eastern avenue \$14,821.35, Western avenue \$17,777.55, Elm street \$8150, Woods avenue \$11,084, Twelfth street \$6580, Central avenue \$21,280, Wehrle avenue \$26,110, South Third street \$11,811, Poplar avenue \$8212, and Harrison street \$10,721.

The contracts for all of these streets was awarded to the Federal Asphalt Paving company.

NEBRASKA CONSTITUTIONAL BODY APPROVES SUFFRAGE

Lincoln, Neb., March 25.—Nebraska women would be given full voting privileges under a constitutional amendment finally passed by the state constitutional convention in session here.

At present they are prohibited from voting for officers provided for by the constitution. The suffrage amendment, with other proposed constitutional changes adopted by the convention, will be submitted to the voters at a date to be decided upon later.

FIGHTING HARD IN CONGRESS FOR BEER

Rep. Fred A. Britten.

Representative Fred A. Britten of Chicago, Republican, has opened up a fight on the Volstead act by proposing a bill amending the act to provide for the manufacture of beer containing five per cent of alcohol and containing fourteen per cent of water. "The next congress will be wet," says Britten.

GEORGES CARPENTIER AND HIS BRIDE.

Georges Carpentier and his bride, photographed on board ship on arrival in the United States.

His coming fight with Jack Dempsey for the heavyweight title is of secondary importance to Georges Carpentier, European ring king, just now. Carpentier, who recently arrived in the U. S. with his bride, halted a barrage of questions concerning his record and opinion of Dempsey with the query: "Why talk always of fighting? Why don't you ask me about my wonderful bride?" The trip to the U. S. is partly a honeymoon voyage for Carpentier and his bride.

HE ROBS A MAN, THIS POET GAY; THE JUDGE SENDS HIM AWAY TO STAY

New York, March 25.—The alleged "rhyming robber," James Smith, who is said to have quoted poetry to a druggist while he rifled the cash register, was given poetic justice yesterday when Magistrate William A. Sweetser pronounced the following lyric judgment:

"I hold you in five thousand bail, Which means you go right back to jail; But before you go just let me say— This hold up game—it doesn't pay."

In this poetic disposition of his case the prisoner promptly responded:

"It's all right judge, I'm on my way Your verdict means I'm going away."

L'Envoi.

And the magistrate replied:

"You said it boy; be on your way."

O. N. G. CAPTAIN HAS DISAPPEARED

Order From Columbus Relieves Him From Command and Auditors Will Go Over Accounts.

Akron, March 25.—Captain A. G. Adams, former commander of headquarters company, Akron National Guard unit, is being sought today by state and federal authorities, by his bonding company and by his wife, according to reports current at the guard headquarters. The authorities want Captain Adams to straighten out the records and explain whether \$800 is missing. The bonding company is his surety for \$4,000.

Mrs. Adams is at the parent's home, Albany, Alabama, where she was taken about two weeks ago by Captain Adams. Ten days ago Mrs. Adams notified the state adjutant general's office, and also Governor Cox that her husband had disappeared.

By order of state adjutant general, Captain Adams is relieved from command of headquarters company. Captain J. C. Johnston was placed in command yesterday. Captain Adams came here in October, after serving with the Canadian army. Soon he secured a commission in the militia.

REPORT IS CONFIRMED.

Columbus, March 25.—Adjutant General Layton today confirmed reports from Akron that Captain A. G. Adams, former commander of the headquarters company, Ohio National Guard, is missing, but stated that he knew nothing about any reported discrepancy in his books. He said an investigation of the captain's disappearance is being made and stated that Captain J. C. Johnston has been placed temporarily in charge of the unit.

Adjutant General Layton said a special board would be appointed within a few days to make an audit of Captain Adams' books.

STEBENVILLE HAS 28,000 POPULATION

Washington, March 25.—Population statistics for 1920 announced today by the census bureau included:

Stebenville, Ohio: 28,508, increase 6,117, or 27.3 per cent over 1910. Javenport, Iowa, 36,727, an increase of 12,682, or 31.8 per cent. Gloversville, N. Y., 22,624, increase 1,344, or 6.7 per cent. Sheboygan, Wis., 20,355, increase 4,537, or 17.3 per cent. Johnstown, N. Y., 19,905, increase 458, or 4.4 per cent. Bloomfield, N. J., 22,011, increase 6,941, or 46.1 per cent. Shamokin, Pa., 21,204, increase 1,616, or 8.2 per cent. Enfield, Conn., 11,708, increase 1,989, or 20.5 per cent. Asheville, N. C., 38,504, an increase of 9,742, or 51.9 per cent.

WILL DISCUSS WHEAT GRADES

Washington, March 25.—Secretary Meredith will conduct a hearing at Chicago, April 2, to determine whether changes in the federal grades for wheat are desirable.

BAUER REMAINS AS PREMIER IN GERMAN CABINET

Dr. Schiffer As Vice Premier and Herr Gessler Are New Ministers.

SOCIALISTS AND DEMOCRATS WIN OTHER APPOINTMENTS

Fighting Is Resumed In Ruhr District, Amsterdam Dispatch Says.

Paris, March 24.—An Amsterdam dispatch quoting Berlin dispatches to the Telegraf says it is reported a new German cabinet has been formed with Gustav Bauer remaining as premier and Dr. Schiffer as vice premier.

Dr. Herrmann Mueller is said to have been again given the portfolio of foreign affairs and Herr Gessler, mayor of Neurenburg, has been appointed minister of national defense. The other members of the cabinet are reported as follows:

Minister of the interior, Herr Koch; minister of finance, Captain Fisher Cuno; minister of transportation, Herr Bell, and minister of the treasury, Herr Wolff. Other portfolios, it was said, have been distributed among the Socialists and Democrats.

RED ARMY IN RUHR VALLEY 120,000 STRONG

The Hague, March 25.—Fighting in the Ruhr district of Germany where, it was understood, a truce had been agreed to, has been resumed, according to the Telegraf. Spartacist forces at Esenring Wesel, the newspaper says, and a Munster dispatch to the Rotterdam Courant says the red army's strength is now 120,000.

Some reports from the frontier indicate that the workmen are bombarding Wesel with large caliber guns. The advice is conflicting, however, the reports declaring the situation is quiet.

The semi-official Netherlands correspondence states that the Dutch minister of war has been in conference with the army leaders with regard to the taking of precautions against the crossing of the frontier by German revolutionary troops or fugitives. According to the Handelsblad, the red troops in the vicinity of Wesel at Fort Blucher, which is occupied by Belgian troops. The Belgians protested against this action.

A train with seventy wounded from Wesel is reported to have arrived near the Dutch frontier.

WORKMEN'S ARMY TO KEEP ORDER AT MINES

Paris, March 25.—The German government has reached a definite agreement with the workmen in the Ruhr valley where the general strike has been paralysing the country, and where hostilities between soldiers and workmen have been in progress for several days past, according to news reaching French semi-officials today from Berlin.

The bases of the agreement, the advice state, are as follows:

"First, a few workmen's army charged with maintaining order."

"Remodeling the cabinet with labor union participation."

"Disarmament of the troops which took part in the recent coup d'etat."

"Passage of laws on social reform and the carrying out of administrative reforms."

"Solidarity of mines, particularly the coal mines and the potash workings."

"Dissolution of counter revolutionary formations."

"Improvement of the food supply system."

"All the majority parties, it is declared, have accepted the conditions under which the government does not consider it will be necessary to form a new ministry, believing a few changes will suffice."

The majorities are of the belief that a red reactionary movement is not impossible. They point out that General Von Seeckt has failed to disarm the Baltic troops, which are still concentrated a few miles from Berlin under the command of their former chiefs.

MAJORITY SOCIALISTS DODGE ARMY TASK

Berlin, Wednesday, March 24.—Conferences over the reconstruction of the cabinet took place today and it was decided the Ebert ministry will not resign in a body but merely be subjected to a "freshening up."

A leading deputy declared that was really all required in view of the proximity of the new elections.

Definite announcement was made that the majority Socialists would surrender the post of minister of defense to the Democrats, as Philipp Scheidemann's party is only too glad to dodge the uncomfortable assignment of overhauling the army. It is hinted, too, the majority Socialists will concentrate a few miles from Berlin under the command of their former chiefs.

Gustav Bauer will retain the premier ship, it is said, and the proposition for a labor cabinet has been definitely postponed. The majority Socialists are in no hurry in making other parties to assist.

COURT WILL NOT SANCTION LEASE EXECUTOR MAKES

Oil and Gas Land Lease in Muskingum County Is Held Invalid By Court Decision.

The lease for a large acreage in Brush Creek and Harrison townships in Muskingum county by oil and gas interests has been held invalid by the court at Zanesville.

The lease of the ground was recently made to J. L. Swingle and other interests at Zanesville, following the finding of oil in the vicinity. The lease was for a large acreage and was made by the executor of an estate. A litigation ensued raising the question as to the validity of a lease entered into by an executor, the claim being made that the lease was in a different class from a sale and that it could not be lawfully done by an executor, and as the heirs did not enter into the contract it was held not to be valid.

By sustaining the demurrer to the petition and supplement to the petition, the court held that the lease was not binding. The case will probably be appealed.

LOCATES NEW WELLS.

In Fallsburg township, Licking county, the Leonard Oil company has a location on the No. 3, J. W. Ashcraft; No. 2, Guy McDonald; No. 2, L. McDonald; the J. W. Myers and the No. 1, J. A. Moore. The company is building a rig on the No. 1 Noland well. In the same vicinity, the Ohio Fuel company is down 1,925 feet on the No. 4 C. McDonald and has a job of fishing. On the No. 1 J. E. Martin the company is down 2,300 feet, has a rig on No. 2, material at No. 3 and has location for the fourth well. At a depth of 1,200 feet the company shut down at the No. 1 J. Smith.

COSHOCK COUNTY ACTIVITY.

In Pike township, Coshocton county, the Leonard Oil company is operating extensively. The company is down 2,330 feet on the No. 4 McKee well and has locations on No. 2 and No. 4, J. L. Ashcraft. Material has been moved to the R. E. Ashcraft, Noah Ashcraft and H. A. Ashcraft location, and the company is down 1,520 feet on the William Powers well.

DOWN 2,320 FEET.

The Ohio Cities Gas company drilling on the G. W. Crawford farm in Coshocton county, is down 2,320 feet.

HOLMES COUNTY OPERATION.

The Ohio Fuel company is down 2,140 feet on the N. P. Doty well at Killbuck, Holmes county.

RIGS ARE LOCATED.

The Plymouth Oil company has rigs on the William Brian 5 and 8 in Washington township, Hocking county.

MAY SHUT OFF GAS.

Marion, Ohio, March 25.—The clerk of the council at Mt. Pleasant has been notified by the Logan Natural Gas company that unless the ordinance fixing the rate at 38 cents per 1,000 feet is repealed the company will withdraw its service from that town.

WOMAN KILLED BY TRAIN.

Cambridge, Ohio, March 25.—Mrs. C. C. Fortson was instantly killed and her husband seriously injured when their automobile was struck by a Baltimore and Ohio freight train here yesterday.

ARMY CHAPLAIN TO SPEAK ON NEW ARMY

A rather novel gathering is scheduled for March 31, in the Y. M. C. A. hall at 7:30 in the evening. Chaplain Knowles of the Seventh cavalry will bring a military orchestra from Columbus, a set of slides, and a lot of information relative to the educational work of the army. Young men are invited to this affair, and are assured a good time. For Chaplain Knowles has a bunch of popular song leaflets to use in connection with his orchestra. The Seventh cavalry regiment has been assigned to Ohio and is the historic regiment of General Custer fame. The regiment is quartered at Ft. Bliss, Texas. The opportunities offered now by the army for technical training are many. The chaplain will explain just what they are and how to obtain them. No admittance is charged at this meeting.

BASEBALL MEETING TO BE HELD FRIDAY

A few men came to the Y. M. C. A. last night thinking that the big baseball meeting was to have been held then. Early in the week it was decided to hold the ball meeting Friday night of this week at 7:30. The meeting will be held in the school room of the Y. M. C. A. on the third floor. The industrial secretary reports that he has 11 applications for places in the eight teams Twilight league. The athletic council will decide which of these teams should be given first choice. There will be a lot of important things to come up in the making of the league for this summer. It is imperative that representatives of the teams seeking admission be present Friday night.

Full Gallons and
Half-Gallons

Do You Know That Mazola Can Be Used
For More Different Purposes And
At Less Cost Than Any Other
Food In Your Kitchen?

OF interest to every wide-awake housewife are these important facts about the general use, the quality and the unusual economy of Mazola.

First, know that Mazola contains no moisture. Butter and Lard contain moisture. Mazola is an absolutely 100% pure vegetable fat. It never becomes rancid.

Shortening

NO fat excels Mazola for deep frying. It is far better and a great deal more economical than lard or compounds. The same lot of Mazola can be used over and over again—even after frying fish and onions. Merely straining makes it perfectly fresh for use as a shortening. It carries no odors or flavors from the foods cooked in it and does not smoke up your kitchen.

THE purity and richness of Mazola best demonstrates itself in the fact that $\frac{1}{4}$ to $\frac{1}{2}$ less Mazola is required than that of butter or lard. This means that your cakes and pie crust will not only be light, rich and easily digested but will cost you less to prepare. Being an oil, the tiresome "creaming-in process" is eliminated. Mazola is always ready for instant use.

One of the most severe comparative tests ever used on a cooking fat gives unqualified FIRST HONORS to Mazola.

Understand the remarkable economy and high quality of Mazola by these figures.

FRENCH FRIED POTATOES

2 lbs. of Mazola	fried	25 lbs. Potatoes
2 lbs. of Lard	"	8 " "
2 lbs. of Compound	"	11 1/2 " "

Note: Mazola goes over three times as far as lard; is twice as economical as compound.

FISH

2 lbs. of Mazola	fried	25 lbs. Fish
2 lbs. of Lard	"	15 " "
2 lbs. of Compound	"	20 " "

Note: Compare the figures yourself. Even with frying fish Mazola does not smoke up your kitchen.

DOUGHNUTS

2 lbs. of Mazola	fried	216 Doughnuts
2 lbs. of Lard	"	144 " "
2 lbs. of Compound	"	168 " "

Note: All doughnuts were the same size. Mazola-made doughnuts are more easily digested.

P. S. Reasons for these remarkable figures are explained in column to the left. Read it.

THOUSANDS of Italians, who certainly know olive oil, use Mazola. Not only because it costs about half that of the best olive oil, but because of its richness, quality and purity.

For French Dressing, Mazola blends readily—and Mayonnaise made with Mazola will keep for weeks without separating.

Once you try Mazola you will never go back to lard or butter for cooking—or olive oil for dressings.

FINDS CARRIER PIGEON EXHAUSTED BY FLIGHT

Exclusive Features in the MOLINE UNIVERSAL TRACTOR

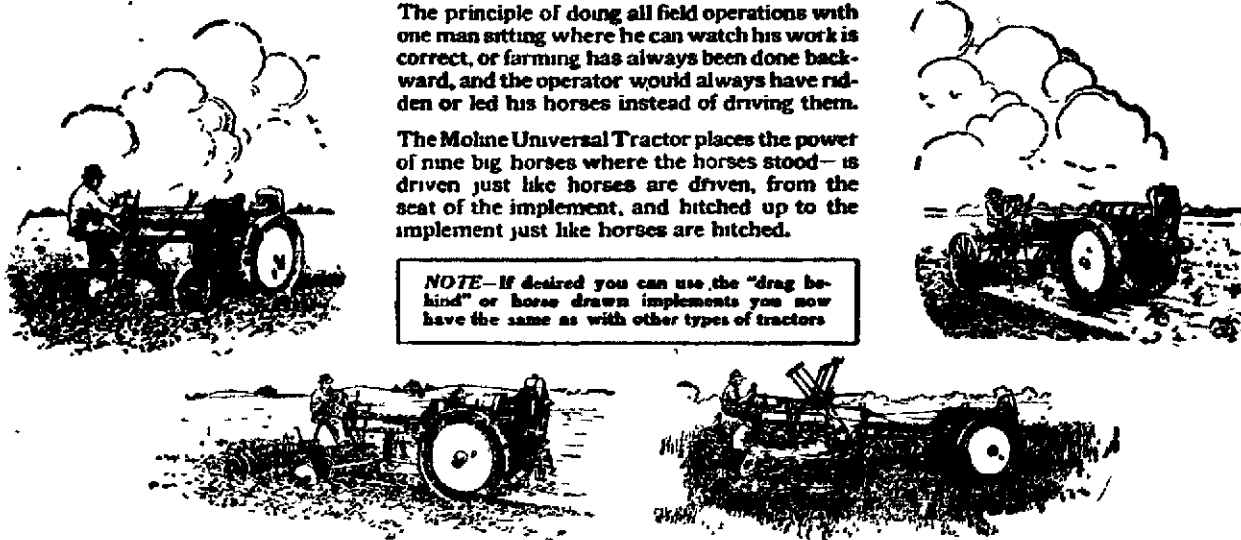

Exclusive Features:

1. Does all field work, including cultivating, harvesting and belt work.
2. Both tractor and implement operated by one man.
3. Tractor and implement form one unit.
4. Operator sits on implement at center of all controls of tractor and implement.
5. Operator sees his work. "Foresight is better than hindsight."
6. Tractive power in front of work, operator behind it.

Exclusive Results:

1. No duplication of any work by horses.
2. A saving in labor.
3. Entire outfit turns short, back and makes fence corners produce.
4. Ease of operation.
5. Better work.
6. Power used as horses are used.

The Power of a Correct Principle

The principle of doing all field operations with one man sitting where he can watch his work is correct, or farming has always been done backward, and the operator would always have ridden or led his horses instead of driving them.

The Moline Universal Tractor places the power of nine big horses where the horses stood—driven just like horses are driven, from the seat of the implement, and hitched up to the implement just like horses are hitched.

NOTE—If desired you can use the "drag behind" or horse drawn implements you now have the same as with other types of tractors.

We have sold the Moline Universal Tractor over a limited territory around St. Louisville for the past six years, realizing the need of tractors on every farm we have secured the exclusive sale of the Moline Universal Tractor for Morgan, Miller and Clay townships in Knox and have practically all of Licking county.

After very carefully investigating all makes of tractors as to their adaptability on the farm, we believe the Moline the only practical tractor for farm work. There is no other tractor on the market today which you can hitch to any implement and sit on the implement and operate the tractor satisfactorily except the Moline Universal.

By the use of our rear wheels which comes with each tractor, we have the same four-wheel outfit as other tractors, and if you choose, pull any implement behind, as they do.

We recommend and guarantee the Moline to do satisfactory work on your farm. If interested write or call us over Citizen's Phone, St. Louisville. We will be only too glad to call on you and explain more fully.

With his headquarters 3,000 miles distant from the oil fields over which he has jurisdiction, and with the trip to the fields taking two weeks of continuous travel day and night, Leroy D. Shannon, formerly living in Elmwood avenue, is having some wonderful experiences.

Shannon was located in Newark with the Central Ohio Producing division of the Ohio Cities Gas company and is now in the East Indies as representative of the Standard Oil company.

Mr. and Mrs. Shannon left May 1, 1919 for Batavia, Java, and while the position mean an assignment of three years in the east, they have to return to the United States once each year to make their report. They expect to return about July, coming by the way of Central Ohio and New York.

The letter was written Superintendent F. J. Birchard of the Ohio Cities Gas company, he tells of the difficulties encountered in drilling for oil in Java.

The letter was written January 26 at Garcel, Shannon having just returned from a two months trip to Borneo. He stated it took New York papers 40 to 45 days to reach them, and continues: "My work has kept me away from Batavia almost all the time as our nearest fields are two days ride by train from Batavia. In addition to these wells we have work under way in both Sumatra and Borneo. A trip to Sumatra takes about three weeks and I must travel about 2100 miles by boat, while the shortest trip to Borneo takes five weeks and one must travel about 1000 miles by boat. On this trip I penetrate into the Borneo jungle for 250 miles to our most remote drilling operations. From our other fields to this field takes ten days for the most part, and from the nearest telephone station it takes two weeks.

"On this trip one has many different methods of traveling. From Java to Borneo the trip is made on large ocean-going steamers. Reaching Borneo at the most remote cable station we take our own ocean-going boat, some 100 feet long and travel 250 miles by sea to the nearest port. One is greatly impressed by the beauty of the rivers encountered in Borneo.

"I travel on three large rivers, one of which, the large steamers can run 40 miles inland, while the other two same steamers can run 20 to 25 miles respectively. From the extreme navigable limit for big boats the rivers rapidly become shallow and it is only possible for our small boat to run about 25 miles further inland. From this limit a motor boat is taken and an all night ride brings us to the limit for boats drawing 3 1/2 feet of water, unless heavy rains have raised the water, when it is possible to go ten miles further.

A small motor boat which draws 1 1/2 feet of water when loaded is tied to a prow some 40 feet long, which because of its length draws about three inches of water. A run of some two hours is made with this outfit when the water becomes too shallow for this motor boat and the remainder of the trip is made with the prow which is propelled by poles or is carried and pulled over the riffles for some six hours. Light coolies are used for this work and it is a hard job as the water for a mile at a time is too shallow to float the prow.

"It is possible to reach the field in five minutes from the river landing. At this time we are drilling No. 13 with a rotary outfit and hope to reach a depth of 3,000 feet, 1250 feet is the depth of the deepest well yet drilled and as the wells become deeper the deeper they go, we hope to find big gushers below the 1500 foot level. Expect as much as 5,000 or 10,000 barrels.

Mr. Shannon states Mrs. Shannon spends her time at Garcel, which is 2,200 feet above the level of the sea, and where the temperature ranges around 70 degrees. Surrounding Garcel are many old volcanoes which are always smoking and two more flow hot water in large quantities. On his last trip to Borneo Mr. Shannon contracted malaria fever from mosquito bites, but stated he had completely recovered.

In another letter Mr. Shannon tells of the difficulties of drilling oil as follows:

"Since my arrival at Java I have been more than busy and at this time I am still on my first inspection trip in the field, being out in the center of Java, at a place called Blora. We have four wells drilling in this district, three of which are delayed by bad fishing jobs for casings at about 2,500 feet. In Central Ohio you do not have to worry about casing the same as in Java. The whole is started with 15 inch pipe, putting in as much as possible. The next string is 12 inch, and some 300 feet is put in by under-reaming. Then comes your important string of 10 inch which is carried by under-reaming to 2600 to 2700 feet, where it is cemented to entirely shut off all water. To test your pipe the water is bailed out and the pipe is left dry for 12 to 14 hours and if tight pumped full of water and under reaming for the 8 inch started. At about 2500 feet volcanic mud and hot water is encountered, which formation often shifts, bending the 10 inch pipe or breaking it entirely. We now have two wells, where the 10 inch casing is either collapsed or bent about the same depth, making it impossible to get in the 8 inch even a 4 1/2 inch water. One well shows evidences of the pipe being bent, while the other seems to be collapsed. Some bad jobs for a tenderfoot!

"Oil is found at about 2900 feet or I should say from 1500 feet, getting better the deeper you drill. On these wells we are expected to drill at least 3200 feet."

To Save His Life.
Colonel, I thought you said you'd never swear off.
Liquor has gone.
But there are plenty of home brews and deceptions.
Yes, there are what convinced me I'd better swear off.—Louisville Courier Journal.

CAUCASUS IS RICH COUNTRY

Contains Fertile Fields and Mountains Stored With Precious Metals.

RABBIT WARREN OF HUMANITY

At One Time There Were 300 Tribes and Dialects in Region—Is Sort of Three-Ring Group of Natural Marvels.

Washington.—With various anti-bolshevik governments seeking a resting place and capital at one end of the range and fabulous oil hoards of Baku at the other, inspiring covetous imperialistic interest, the long line of mountains which separates Europe from Asia gives promise of once more attaining the headline position it so often has held throughout the ages. Made up of 400 miles of majestic peaks, in three ridges, the Caucasus stretches from northwest to southeast like a petrified wave, whose northeastern face mounts to the snow crest, but whose southwestern front, facing toward Turkey, seems dashed into countless precipices by the titanic forces of nature, says a bulletin from the National Geographic society.

The Caucasus is the most interesting rabbit warren of humanity on the globe. For uncounted ages various peoples sifted through the secluded valleys, leaving a fraction of their number in some remote spot, so that at one time El Azizi said that there were 300 tribes and dialects in the region, 650 miles long and 100 miles broad, which he called the "Mountain of Languages."

Stray spoke of 70 races of men, some of them armed with poisoned arrows and wearing skin shoes with spiked soles. Troglodytes they were and are. The Caucasus is a sort of three-ring group of natural marvels compressed between Europe and Asia, between the Black sea and the Caspian.

Where Tolstoy Served in Army. On the European slope the Caucasus is flanked by the Cossacks of the Don, the Kuban and the Terek, along whose banks the famous Tolstoy served as a young soldier. On the Asiatic side there are the new republics of Georgia, Azerbaijan and Armenia, partly carved from Russian, partly from Turkish lands.

The people who have left the deepest impress on the Caucasus, although most of them emigrated to Turkey in 1864, are the Tcherkees or Circassians. The Tcherkees gave to the Caucasus and the fancy dress ball the Tcherkeska, the familiar skirted costume of the warlike Cossack and the lithe Georgian grandee. It is the original opera bouffe uniform, with a narrow waist and flaring skirts above soft boots without heels. This costume is also distinguished by 18 cartridge cases ranged across the chest.

Martial Dress Once Worn. Formerly real cartridges gave a truly martial aspect to the dress until the automatic revolver came into fashion. But comparative wealth and peace overtook the Georgians and the other town dwellers who wore the striking dress, and gradually these cartridges were changed for decorative imitations. Some of them were made of ebony at one end and ivory at the other.

Modernity has gone even further. One of these cartridge cases is now sometimes used for a fountain pen, and the ultra-fastidious dandy sometimes has hollow decorations in whose solid gold shell is concealed rich perfume for the mustache.

The North Caucasus is not distinguished solely by legendary lore and fancy dress manhood. The broad fields, which sweep gently up toward the slopes, produce some of Russia's most abundant grain crops, and form an important field for the sale and use of modern agricultural machinery.

Belleau Wood Mapped by U. S. Marines

Washington.—A large relief map of the section of Belleau wood in which United States marines did such severe and heroic fighting during the war is being prepared by marine corps topographical experts.

The map will be twenty-two feet square and will show the character of the terrain of a territory sixteen miles square. The data for the preparation of this map was secured by a mapping party of marines who just returned from France.

Sister's Mother-in-Law.

Toledo, O.—Miss Florence Dewey, forty-three years of age, the daughter of J. N. Dewey, wholesale fish dealer, and William Lindsay, a Milwaukee business man, eighty years of age, were married in Milwaukee the other day. The marriage causes a peculiar relationship to exist in the two families. The new Mrs. Lindsay is a sister of Mrs. Herbert Lindsay, her husband's daughter-in-law. Through her marriage to Lindsay, Mrs. William Lindsay now becomes sister's mother-in-law, while Lindsay is his own son's brother-in-law.

There are 2000 military cemeteries in Europe as a result of the world war.

Upon the completion of the Company's new plant at Newark, Ohio, it will be one of the largest producers of Oil, Gas and Artesian Well Tools in the United States.

The Company's plants, located at Utica, Wooster, Ashland, Ohio, and Winchester and Beattyville, Ky., together with the new unit to be erected at Newark, Ohio, upon property owned in fee, are modern in every respect, the Company having the best facilities obtainable for the economical production of the several lines manufactured.

The Company's balance sheet, as of February 1st, 1920, adjusted to show the result of the present financing, shows physical assets in excess of twice the authorized preferred stock issue.

At the present time the Company is doing an average of \$35,000.00 gross business, monthly, which upon the completion of the new unit at Newark, Ohio, will be increased to \$100,000.00. A conservative estimate of the Company's net gain is ten per cent, which indicates earnings of about five times the preferred stock dividend requirements.

The proceeds from the sale of this issue of stock will be used for the purpose of constructing and equipping a new unit at Newark, Ohio, and to provide additional working capital.

Preferred as to Assets and Dividends. In case of default of dividends for two consecutive years, the preferred stock holders will have equal voting rights with the common. No mortgage or other lien shall be created which shall have priority over or impair the value of the preferred stock without the written consent of three-fourths of this issue.

Beginning January 1, 1923, or any dividend paying period thereafter, this issue may be called in, redeemed and cancelled at \$110 per share.

This issue is fully participating in the earnings of the Company with the common stock up to and including 15%, and provision has been made for distribution of dividends in excess of 8% on the preferred stock.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the callouses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

AUDITORIUM
Prince of Avenue A.
Owing to many requests to bring James J. Corbett back in "Prince of Avenue A," the Universal special that drew capacity crowds to the Alhambra a short time ago, Manager Fenberg has arranged to have it shown at the Auditorium theater Saturday, with prices set to the Alhambra sale for that day only. The only change being for children, who will be admitted in the afternoon at the usual dime. This is a good picture and all will want to see it. The showings Saturday are continuous starting at 1 p.m.

Tea For Three.
Newark Show Goers will see the presentation at the Auditorium tomorrow evening of "Tea For Three," a three act comedy about which much has been heard in the past year. Written by Roi Cooper Meigrue, and staged under direction of the Selwyns, it was the vogue in New York where it played for one solid year at the Plymouth theater. For the past four months it has been crowding the house nightly at the La Salle theater, Chicago. It is said to be one of the most meritorious presentations in point of construction, brilliancy of dialogue, and cleverness of philosophy, as well as originality of situation, written in years. It proceeds with a snap and sparkle from the rise of the first curtain on the quaint restaurant scene to the happy ending over the tea table. There are three acts and a prologue, all artistically and effectively staged. The story tells of the undying love of a blase, fashionable man of the world, for the little 17 year old sweetheart to whom he gave yellow roses and her first kiss. She married his best friend and out of an unhappy love he has built a fine and beautiful friendship. All he asks is a place at her tea table—his own recognized place. This he has until the time of the beginning of the play. The husband, grown brittle through business worries, also shows jealousy selfish tendencies, and forbids his friend the house. The sense of humor in both wife and friend comes to the rescue and they refuse to be made miserable by so foolish a suspicion. They plot and plan and their plotting brings them to the brink of tragedy but again the saving sense of humor intervenes and all ends delightfully. Norman Hackett in the role of the friend gives a masterly interpretation as may be expected of this polished, distinguished actor. Mildred Evans as the wife, Hayden Stevenson, as the husband, and other players in less important parts are capable and interesting. Seats now selling.

Burnt Wings.
When pretty Jeanette came out from her husband's side the night in Paris it was to make the greatest sacrifice a woman can—so tremendous a sacrifice that every girl and every woman who sees "Burnt Wings" at the Auditorium Sunday, will ask herself, did she do wrong or right? A point so puzzling to vitals as to make woman ask each other "What do you think?" Carle Laemmle offers Frank Mays in this adaptation of Bayard Veiller's stage success "The Primrose Path" at the Auditorium Sunday. A comedy and other features are also promised.

Keeping Up With the Joneses.
The announcement that Gus Hill is going to present a new play is invariably certain to attract more than passing attention. Once again astute and far-seeing manager has delved into the realms of the cartoon and discovered another vein of fun from a mine of humor, wit, laughter and joy unconfined. This latest effort of his, mirth and song is entitled "Keeping Up With the Joneses" and will be the attraction at the auditorium theater Monday evening with the usual matinee. The play which is in two acts and two scenes is founded on Pop Mommy's comic creations originally appearing in the New York Globe and which have made such a tremendous hit with the public all over the country. "Keeping Up With the Joneses" is described as a carnival of cacophonization, dancing, and music, interpreted by pretty women and competent comedians and singers, and augmented by special scenery and costumes on a par with any similar embellishment on or off Broadway. Our Eighteen exclusive numbers mark the offering, all tuneful and original. The local shifts from the home of the Joneses to the latest Haven of Bacchanalian revelry and anal-prohibition—Havana, Cuba. This show is a literal triumph for its producer and should more than duplicate the success obtained by Gus Hill's former triumphs. Seats on sale Friday.

ALHAMBRA.
"Venus in the East."
If signs don't fail, "Venus in the East" should prove a lucky co-star for Bryant Washburn, who is himself one of the best film luminaries. As shown at the Alhambra Theater yesterday this Paramount picture glows like a real planet and we have no hesitation in designating it as one of the best of the Washburn pictures to date. "Venus in the East" has an unusual story. All the fun-making ability and whimsical characterizations for which Wallace Irwin, its author, is famous, is back of it. The character of Buddy McNair, portrayed by Mr. Washburn, is one of the most lovable, amusing, and human figures the screen has given us in some time. This is a delightful story, clean and appealing throughout, and Bryant Washburn is at his best as the impulsive, honest Buddy McNair. Anna Q. Nilson is regal and beautiful as the ungracious Mrs. Pat, and Margery Wilson gives a charming characterization of Martha, the other girl. Other sharply defined types are well played by a competent cast. The last showings are seen this evening.

"Duds."
The great war made of the world a seething caldron, in which the boiling emotions of humanity wrought strange results. With the armistice the fire was quenched, but the angry seething of the superheated elements continued, and continue to this day. Plots, schemes, revolts, form deep down, and boil to the surface. A story of this red-hot effect is the Goldwyn production, "Duds," featuring Tom Moore, which will be presented at

the Alhambra Friday and running over Saturday.
A Frizma, a Fox and other features are also seen.

"The Tiger Girl."
"The Tiger Girl," a feature that several years ago created a great sensation in filmdom, has been re-edited by the Triangle company, with new prints, etc., and is being shown in all the best theaters in the United States and Canada, and will be shown at Manager Fenberg's Alhambra on Sunday next. Lillian Gish and the Dolly Sisters are co-stars, and it is said to be a wonderful photoplay. Bray's Pictograph and other features are also shown. Miss Kunkle, organist at this house, will arrange a special musical program.

Vola Vale Is Versatile.
Vola Vale, who plays the Spanish senorita in support of Enid Bennett in "Happy Though Married," which will be shown at the Alhambra Theater next Monday, will be remembered by picture lovers as the beautiful young woman who played the part of the heroine in support of William S. Hart in "The Silent Man." She also supported Charles Ray in "The Son of His Father," and was cast in "Wolves of the Rail," supporting William S. Hart.

fronted Joe Moore, the ex-convict in "The Open Door," a Robertson-Cole release produced by Artchess and shown at the Grand Theater today and tomorrow.

Henry Temple, alias Joe Moore, served fifteen years in prison, although innocent of any crime, in order that his little daughter should have the advantages of education and refinement which he could not give her. But when he went to claim her from Horton, whom she had always regarded as her father, the irony of fate intervened. Horton was murdered, and for Temple to reveal himself to his daughter as her father, would stain the name of the man whose memory she cherished.

The comedy selected for today and tomorrow is "Chickens in Turkey," with Twede Dan and a screen weekly.

GEM.
Last night many were the applauds that "The Big Four" orchestra received when these clever musicians sent forth to the ears of the spectators the strains of the coming popular song, "Arabian Sunshine," which was composed both words and music, by Mr. Carl Nutter of this city. This young author received many fine comments from members of the audience for his fine work. The musical world has thrown open a great future for this clever musician, whose talent cannot be surpassed by any other in his age. Mr. Nutter promises the musicians of this vicinity, that in the near future he will publish another of his works which has been classed by some of the most noted composers of this country as one of the best, if not the best, song that was ever put before the public by an author so young in his career.

The Gem Theater was filled to capacity at each performance of "The Cyclone," featuring Tom Mix as a member of the northwest mounted police and the marvelous feats he does will hold you spellbound from the opening to the final scene. If you enjoy an exciting Mix thriller and the very latest and best in music, you can't afford to miss attending the Gem tonight.

SLEEPLESS NIGHTS HAVE NO TERRORS FOR NERVILAX USERS

Nature's Remedy Insures Good Health and an Incentive to Work.

Did you ever, after a hard day's work at the office or factory, go to your home with the feeling that you were too tired to eat your evening meal? And after eating it did your food remain in your stomach undigested and feel as if you had eaten several pounds of lead? Did you ever feel "dead" for sleep and after going to bed toss and turn all night long? Terrible feeling, isn't it?

When you feel that way you may rest assured something is radically wrong with your digestive organs, which, in turn, affect the nervous system. Immediate action should be taken to remedy the trouble or more serious results may be looked for.

Should such conditions be your lot don't hesitate, but go to R. W. Smith Drug Company and ask for a bottle of Nervilax. Take a dose at once and watch the results. Nervilax gives almost immediate relief and after a few doses you will note that your troubles will disappear as if by magic. You will be able to properly assimilate your food, the distressed feeling in your stomach will leave you, your bowels will become regular and sweet and refreshing sleep will visit you.

Nervilax is made of 12 different varieties of herbs and is compounded in a modern laboratory under the personal direction of an expert chemist of over 40 years' experience in the manufacture of medicine. Nervilax is compounded from a prescription of the late Dr. H. C. O. Cary and has been the leading stomach, liver, kidney and bowel remedy on the market for the past three-quarters of a century. Insist on getting Nervilax and take no substitute.

OPTOMETRY— ITS VALUE TO THE PUBLIC. By O. P. COOK.

TALK ELEVEN.
Suppose you are being examined by an Optometrist for errors of vision. Suppose you see perfectly in the distance, and can read without glasses; you would naturally conclude that your vision was as it should be, wouldn't you?

But no greater mistake could be made. True, your vision MIGHT be normal, but the evidence given above doesn't prove it.

Eye strain is in thousands of cases caused by the muscles of the eyes OVERCOMING the error or errors of vision. The error is there. It is real. It is causing trouble, but you are not aware of the defect because the muscles of the eyes automatically overcome it.

And this brings us to one of the most important assertions than an Optometrist has to make. See my Talk.

You'll Probably Want To See These Suits— No Reason Why You Shouldn't

—Feel free to come in here and look them over. Go as far as you like. Try some on. We don't expect you to buy just because you do that. It's a part of our service to show you what's new and what's good in clothes.

There are some excellent reasons why you should look into these values now. There's a fine big variety of them to begin with. You'll surely find just the right style, the correct fit and the pattern you want.

Then the suits themselves are rather unusual. They are finished with all the little niceties of correctly formed shoulders, snug setting collars, proper sleeve lengths and stylish sweep of their lines. The patterns are new and will "wear well."

TELEGRAPH CARRIES PUNCH AND GOES TO RIGHT PERSON

It has been only a few years since the Western Union Telegraph company was content to do business in a dingy second-story room with office furniture consisting of an old table and a broken-down chair or two. Today in Newark, as in other cities, the "W. U." has an inviting, well located quarters and is doing business along modern, progressive lines.

Not long ago the Western Union originated the popular night letter, whereby a 50-word telegram may be sent at the cost of a fast 10-word day message. A night letter filed here any time up to 10:10 night will be delivered in California or elsewhere the next morning. This night service was followed by the "day letter"—50 words for one and a half times the 10 word day rate. Sometime ago the W. U. decided that its patrons were entitled to know the time their telegrams were filed, so another new feature was introduced, that of carrying the filing time on all fast day messages and day letters.

In these strenuous business times the mails are too slow. Once upon a time the telegraph was used principally in emergencies but today it is used in transacting everyday business. A telegram carries a punch and it goes to the right person for action.

The carrying of filing time on messages shows that telegrams frequently are received from distant points in from 10 to 30 minutes. A message filed recently in Newark was received in Duluth, Minn., in 19 minutes. This is of course extraordinary, but a careful scanning of messages will show that the average time is very fast. Look at the top of the next Western Union message you receive and note the time—it was filed in the sending office.

Manager R. L. Rhoads, popularly known to everybody as "Dusty" Rhoads, admits that the expenses of the present Newark office in a class of buildings are several hundred dollars a month more than the company's receipts a few years ago, but the business has grown wonderfully in the past few years.

The accuracy of some of the operators in handling this vast business is remarkable and the average person does not know of the operators' skill. Many operators handle from 60 to 90 messages an hour. In the Cincinnati office recently a record was kept for one month. It showed that one operator handled an average of 63 messages an hour for every hour he worked during the month and that in that 30 day period he had only three correction slips.

Bruce R. Stewart and V. C. Keller have been duly appointed and qualified as administrators of the estate of Edwin F. Stewart, late of Licking County, Ohio.
Dated this 12th day of March, 1929.
ROBBINS HUNTER,
Probate Judge.

LEGAL NOTICE.
Walter D. Loar, whose place of residence is unknown, will hereby take notice that on the 2nd day of March, 1929, Myrtle Loar filed her petition in the Probate Court of Licking County, Ohio, against the said Walter D. Loar setting forth therein as a cause of action against him that he has been guilty of gross neglect of duty and extreme cruelty, and praying therein that the court grant her the care, custody, control and education of their children, for alimony and a decree for divorce from the said Walter D. Loar. This is to notify the said Walter D. Loar that he is required to appear at said Court and answer said petition on or before the 17th day of April, 1929, or the facts set forth in said petition will be taken as true and judgment rendered accordingly. The Newest Coats and Suits

At An Average Saving of 25 Per Cent

THE continual cold weather caused manufacturers to have surplus stocks of thousands of coats and suits. These they were willing to dispose of at less than manufacturing cost, and our buyer secured several hundred of the most up-to-the-minute styles at an average reduction of 25%. This saving we now pass along to our customers, but we urge you to make an early selection. Values such as these, offered just before Easter, will not last long.

There are Polo, Cordes and full length coats to choose from, and suits that feature flared, ruffled, straightline, blouse effects, vents, etc. Embroidery, braid and buttons lend beauty to many of the models. Ladies' and misses' sizes from 16 to 44.

The Suits

Are fashioned from Tricotine, Silvertone, Velour Checks, Wool Jersey, Men's Wear Serge and Wool Poplin in navy and shades. Their prices save you 25%.

GIRLS DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorating hair: a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair. "Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on the bottle.—Adv.

French scientists have demonstrated that horses gain in weight if fed a kind of seaweed that grows on the coast of Brittany, instead of grain and other food.

SOCIAL AFFAIRS

Kelley-Bettes.
The marriage of Miss Stella Cora Bettes of Columbus and Mr. Thomas J. Kelley of Newark took place at the manse of the Second Presbyterian church, Wednesday afternoon at 3 o'clock. The service was read by the pastor, Rev. B. R. Weid. Mr. and Mrs. Kelley will live in Newark.

THE COURTS

Probate Court.

Carrie Marcus filed an affidavit against Marcus Banks in probate court yesterday afternoon charging him with non-support of their six children. A warrant has been issued Mr. Banks, who lives on Wilkin pike.

Answer Filed.

In the divorce case of Margaret Hill vs. Charles N. Hill an answer has been filed by Hill in Clerk Leo B. Davis' office. Hill admits his marriage and birth of child and denies every other allegation of Mrs. Hill's petition. The attorney for the defendant is L. C. Russell.

Exception Overruled.

In the estate of Annie E. White the exceptions filed as to the determination of inheritance tax were overruled in probate court by Judge Hunter today. In the estate of John Fry the exceptions of Olive R. Brown were sustained as to \$715 and were overruled as to \$35.

Plan Road Improvement.

The county commissioners and County Surveyor C. W. Irwin inspected a road through Madison, Franklin and Hopewell townships this morning. They intend to improve this road, which leads to Gratiot, this spring and they are seeking a location for a rock crusher near a flint supply.

Prepare Personal Returns.

County Recorder Wilson is busy these days preparing the new personal return blanks for mailing. Returns may be made up to and including May 1st, after which the exemption allowed by law is lost. A special place has been provided on the new blanks for the listing of poultry, including chickens, ducks and turkeys.

Chicago Grain Review.
 Chicago, March 25.—Wheat: The price of corn today resulted from statements of the federal district attorney here which were construed as indicating that so far no basis for any proportion of grain and had been found. Opening quotations, which varied from unchanged figures to 3-4¢ off with May \$1.56 1/2 to \$1.56 3/4 and July, \$1.50 1/2 to \$1.50 3/4, were followed by material gains all around and then by a moderate setback.
 Oats were governed by the action of corn. After opening at 1-8¢ decline to a like advance, including July 7-8 to 8-8¢, the market showed general gains, and then sagged somewhat.
 Provision declined owing to lower quotations on hogs. Grain strength failed to act as an offset.

Chicago Live Stock.
 Chicago, March 25.—Hogs: Receipts, 32,000; market lower; bulk, \$14.20 to \$15.00; top, \$15.75; heavy, \$13.70 to \$15.00; medium, \$14.60 to \$15.70; light, \$15.25 to \$15.75; light light, \$14.75 to \$15.50; heavy packing smooth, \$13.00 to \$13.50; packing smooth, rough, \$13.40 to \$12.90; pigs, \$13.40 to \$15.25.
 Cattle: Receipts, 12,000; market steady; beef steers, medium and heavy, choice and prime, \$13.50 to \$15.25; medium and good, \$11.50 to \$13.50; common \$10.25 to \$11.75; heavy, \$12.70 to \$13.50; \$12.00 to \$11.75; common and medium, \$10.00 to \$11.75; butcher cattle heifers, \$7.50 to \$13.50; cows, \$7.50 to \$11.75; canners and cutters, \$5.00 to \$7.40; veal calves, \$16.25 to \$17.50; feeder steers, \$9.00 to \$12.00; stocker steers, \$7.55 to \$11.25.

Wall Street.
 New York, March 25.—The stock market reflected at the opening of today's session some of the restraint imposed by yesterday's flurry in call money. For the most part, changes were fractional and irregular, but General Motors gave promise of repeating its recent sensational movement at an early gain of 3 points. Some of the other motor shares and allied specialties were strong, also oils, while Crucible Steel and Baldwin Locomotive featured the firmer steels and equipments. A small lot of Standard Oil of New Jersey which made its first appearance on the stock exchange sold at 550, three points over yesterday's closing price on the curb.
 Trading became more unsettled with the progress of the session, the consequence of the persistent pressure exerted against favorites. General Motors reacted 10 points in the first hour and this was later extended to 15 points. Reversals among related shares, also equipments, steels and the more representative industrials, ranged from 3 to 7 points. One stock stood out in the general setback, Stutz Motor rising 24 points to the new record of 272. Call loans opened at 10 percent, with heavy buying of oils and the strength of for-

sign exchange were factors in the rally before noon.

Much Credit Due Byron.
 Byron is the most romantic of literary heroes. The information of his feet was couched and was a source of lifelong misery, yet he was beloved of many women, had a countenance of singular nobility and even beauty and was the most popular poet of his time. In the whole history of English literature, doubtless his poet's reference to her "lame brat" made in his hearing when a child, had much to do with the smoldering anger with which Byron regarded his lameness and to his defect must be attributed that of his work. Yet Byron is undeniably the way he fought his infirmity. He became a fine boxer, a splendid dancer, and, as everybody knows, he swam the Hellespont in imitation of Xerxes.

Manufacturers say that the cost of electric power in Shanghai is lower than in any other place in the world, and that the other output per Chinese workman of certain articles is as great as the output per workman in the United States.
 Sealed bids will be received by the Director of Public Service of the City of Newark, State of Ohio, at the office of said director until twelve o'clock noon, April 15th, 1920, for furnishing the city's requirements of water meters for one year. Each bid must contain the full name of every person or company interested in the same, and be accompanied by a certified check on some solvent bank in the sum of One Hundred Dollars, as a guaranty that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected, such check will be forthwith returned to the bidder, and should any bid be accepted such check will be returned upon the proper execution and securing of the contract.
 The right is reserved to reject any and all bids.
 By order of the Director of Public Service.
 J. EDW. WILSON.

TO CLOSE SHIPYARD

Huge Plant Soon to End Its War-time Work.

One Hundred and Twenty-Two Vessels Built at Hog Island Since It Started Operations.

Philadelphia.—The world's greatest shipyard, at Hog Island, built to overcome the ravages of the German submarine and help win the war for the allies, will launch its last wartime ship in June and turn it over to the government in September. When the last of the fabricated ships of the wartime contract leaves the vast plant on the Delaware, Hog Island will have turned over to the government 122 vessels, a record of more than one ship a week since the first boat was sent overboard in August, 1918.

There have been several double launchings in one day, and on Memorial day last year five ships were launched in a little more than an hour, establishing a world's record.

When Hog Island was going at top speed during the war, with 50 ways, occupied, approximately 35,000 men were employed. This force has been reduced to about 22,000, and after the last ship is launched in June the force will be reduced to 25 per cent of this number. These men will complete and equip the ships still left to be turned over to the government.

What is to become of Hog Island is the great problem confronting the owners of the yard. Recently the United States shipping board took over the title to the ground. Philadelphia has been urged to take over the yard and continue it either as a shipbuilding plant or convert it into a great terminal. Efforts to interest the state also have been made, but the amount of money required to buy the great plant has been a stumbling block. It was proposed that the state purchase the 900 acres with two miles of water front and lease them out to manufacturing and other concerns.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$1, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 7/8 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Benefit of LEMERT WOMAN'S RELIEF CORPS NO. 45

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge or rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru who for many years suffered the torments of acute rheumatism desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Evans' Drug Store to guarantee it in every instance.—Adv.

NAMES MEAN NOTHING

You're Merely a Number in U. S. Census Records.

Identity Lost When Individuals Become Cards With a Lot of Holes Punched in Them.

Washington.—Names mean nothing at all in the job of counting noses in the United States for the 1920 census. You have a name when you come into the big barn-like building here where 4,000 clerks are tabulating you and about 110,000,000 like you.

Very soon, though, you become nothing but a card with a lot of holes punched in it. You have sex, age, nationality and a lot of other things, but no name.

Your card is just as important, yet as anonymous, as the president's. In the census bureau the president isn't Woodrow Wilson. He is merely a white man, born in America, living in Washington, head of a family, English-speaking and able to read and write.

Neither king's horses nor king's men could drag your name out of the census bureau. Draft officials in 1917 tried it and failed.

The census bureau gave General Crowder lots of information about the number of men between certain ages living in certain areas. But when the slacker drive was on and General Crowder, with the whole war department back of him, tried to get the names to check up against enlistments and draftees the census bureau called his attention to the law.

It's not only against the law to give out such information, but enumeration sheets carrying names are destroyed after the information has been transferred to cards.

UNCLE SAM'S OLDEST WARD

Uncle Sam's oldest ward is O-mos-kos, a Chippewa Indian, one hundred and ten years old, who lives on Turtle mountain in North Dakota, just south of the Canadian border. He is blind and spends his days sitting outside the shack of mud with thatched roof which has been his home for many years. In spite of his age O-mos-kos is clear of mind and delights in talking to visitors.

CANDY EXPORTS UP TENFOLD

United States Shipments of Sweets in 1919 Reached Total of \$12,306,000.

Washington.—Exports of confectionery from the United States during 1919 increased tenfold over 1918, according to statistics compiled by the department of commerce, the declared value being \$12,306,000, against \$1,235,000.

Imports totaled only \$195,000. The enforcement of embargoes by foreign countries during the first half of last year prevented the record exports from being at least 30 per cent greater, it was estimated.

Great Britain ranked first among the consumers of American candy, exports to British ports comprising 34 per cent of the total. Shipments to the Orient also showed large increases. The advent of American soldiers in foreign countries undoubtedly had much to do with the increased popularity of the sweets to which they were accustomed, the report said.

ROMAN PALACE TO GERMANS?

Newspapers Protest Against Plan to Sell Mithras Villa for Embassy.

Rome, Italy.—Newspapers here are protesting against an attempt by Germany to purchase the Mithras villa, now belonging to the Marchese Campanari, as the seat of the German embassy here. It is pointed out that included in the property are picturesque arches of the Neronian aqueduct, built by Emperor Claudius; two ancient Roman burial places, numerous urns and frescoes and antiquities which at present the public is allowed to visit. It is feared that if the Germans purchase the property it will be closed to the people.

The claim is made that no palace having such historic importance should be allowed to pass into foreign hands.

The honor roll of Americans who died in the war is made up of 187,552 soldiers, 6900 sailors and 3657 marines.

We Mean It!

For about four months this bank has been urging the farmers hereabouts to read THE COUNTRY GENTLEMAN. We have done it because we believe in THE COUNTRY GENTLEMAN. This Great National Farm Weekly offers actual money-making helps to those farmers who read it regularly and follow its advice. Its subscribers have in the main become the most prosperous farmers in their counties the Nation over. And that is why we should like to see it in every farm home in our county. We mean it when we say: Read

The COUNTRY GENTLEMAN

In a recent investigation among farmers the question was asked: "What helps you most?" One-third answered: "My farm paper." They were able to put a dollars-and-cents value on the advice they read. THE COUNTRY GENTLEMAN is National—broad enough to cover the United States and give a nationwide viewpoint; and at the same time it is local enough to treat of methods and practices section by section. Subscribe for a year! It will cost you \$1.00 for 52 big weekly issues—and many a farmer has profited \$100.00 from hints in a single issue. If you say so we'll charge your account \$1.00 and see that your subscription begins at once. We mean it!

JONES STOPS ERB IN FIFTH ROUND; PLENTY OF ACTION IN MAIN EVENT

Gong Saves Defeated Boxer From Being Counted Out But He Failed To Recover In Time To Resume Sixth Session—Was Knocked Down In Fourth.

Jimmy Jones of Youngstown "kayode" Eddie Erb of Columbus in the fifth round of the main bout, last night at Hickey Hall before a crowd of 500 boxing fans. The preliminaries with one exception, were high class and there was no doubt but that the main bout was the best seen here in years.

Erb and Jones fought even in the first two rounds with Erb taking the offensive. Jones proved his ability to cover and took no punishment. The third round was marked by infighting of a vicious kind and Erb had the advantage on point in this round. He showed signs of weakening, however, and seemed anxious to force the fighting. He lead wildly and fell to the mat several times.

In the fourth Erb was knocked to the floor but refused to take the advice of his seconds and take the count of nine. He was up on three and fighting again. Jones began to change his style and started to mix things up, the fight still being characterized by infighting.

The boxers were mixing freely in the fifth but the referee had to break clinches constantly. Erb's leading was getting wilder and wilder and near the end of the round Jones planted in quick succession a right and left hook to the jaw and it was all over.

The gong saved Erb at the count of three and the fight would have continued if Erb could have recovered in time for the next round but his seconds threw up the sponge when they saw that recovery in time was impossible. Jesse Strand, the new boxing commissioner, was the referee of all of the

bouts. He handled the work in a capable manner.

The first preliminary was a four round bout between Art Skeen of Newark and John Petrody of Dennison, weight 125 pounds. Skeen bloodied Petrody's nose in the first round and kept it bleeding through the rest of the match. Petrody proved to be the better boxer, however, and the "newspaper decision" goes to him.

The second preliminary was between Connie Ludwig of Dennison and Red Nutter of Newark, weight 132. This bout was for four rounds also. Both lads were fast and clever, and the decision was a draw. Ludwig seemed to be in better physical shape at the end of the bout but there appeared to be no decisive superiority on either side.

TELL YOUR FRIENDS ABOUT NICOTOL— THE ENEMY OF TOBACCO

It improves any man's health to quit tobacco if he can escape the awful craving that usually attends quitting without such assistance as Nicotol gives. Did you ever have Smoker's cough? Try Nicotol in getting rid of the tobacco habit and see how quickly the cough will disappear. Nicotol is dispensed by most good druggists in this city, especially by T. J. Evans.—Adv.

Just before the main bout Mickey Farrell of Dennison and Jimmy Mase put on a six round exhibition which was merely an exhibition and not very clever at that. The work was slow and uninteresting and the boys parted the best of friends.

The program as a whole was clever and there was plenty of talent in the line up. The management announced that another bout would be offered Wednesday, April 7, two weeks from last night. Arrangements for the talent have not been completed, but the promoters promised it would be as good as that provided last night.

JONES KNOCKOUT IS SECOND IN WEEK

Jimmy Jones, the boxer who knocked Eddie Erb out here last night in the fifth round scored a similar victory in Canton last week when he kayode Mickey Ford of Wheeling in the sixth round.

STORES ADVERTISING SPRING TOGS TODAY

Are you interested in spring toggery or some early Easter purchases?

If so probably there were never so many splendid offerings made by local merchants and business concerns, as announced in the advertising columns of today's issue of the Advocate.

The local concerns are making a big effort to interest Newark buyers and then to meet their demands. In this desire they have taken the advertising columns as their medium and the paper is today in gala spring attire. The prosperity of a city is dependent upon its business interests and the growth of the business interests is a matter of co-operation. To this end the readers of the Advocate are asked to note the values and offerings of the local advertisers.
